

Year 3 Home Learning – Terms 5 and 6

Please plan a project using the ideas below to work on at home during Terms 5 and 6. The idea is that everyone does just one thing for their Home Learning project, but that it is quality and is something that has been worked on during the Term. Everyone is expected to bring their project in to share with the rest of the class during our Home Learning Celebration Day on Wednesday 19th July 2017. The projects you have made so far this year have been really great and we can't wait to see what you create this time!

Curriculum Links

History

The Ancient Greeks

Science

Light and Shadow

Flowering Plants

Geography

European Countries

DT

Electrical Circuits

Art

Textiles

Choose an idea that links to one of our topics of: 'Ancient Greece' or 'Light and Dark'

Possible Project Ideas
