

Year 5 Home Learning Term 1 and 2

Please choose a project below to work on during the next two terms. Children will be expected to present their home learning to the rest of the class during our home learning celebration on Monday 18th December 2017. Children need to focus on verbalising their home learning using the appropriate sentence structure, grammar and vocabulary. Please support them to practise their presentations at home. Your child will be awarded a gold, silver or bronze certificate in accordance with their presentation.

Presentation Ideas

Please present your project using **more than one** of the following:

- Fact File
- Pictures or Posters
- Annotated drawings
- 3D Model
- Sketch
- Leaflet
- TV/YouTube Broadcast
- Portrait
- Paintings or artefacts
- Book
- Newspaper report
- Poetry

Over the next two terms,
we would like you to create
a project based around the
question:

If life was discovered
somewhere else in the
universe, what would you
imagine it to be?
